National Institute of Social Development
Annual Report - 2015

Vision

“To be a center of excellence, nationally and globally in Social Work Education, Training and Research”

Mission

“To enhance human resources for social development through the preparation of competent manpower in social work at all levels, generate and disseminate new knowledge and technologies for social work practice, provide specialized services for social welfare and social development.”

Introduction of the National Institute of Social Development

The National Institute of Social Development (NISD) is a statutory body of the Ministry of Social Empowerment and Welfare. It is the premier institution in Social Work education in Sri Lanka. It is recognized by the University Grant Commission (UGC) as a degree awarding institute, under 25 of the Universities Act No. 16 of 1978. This institute functions under the purview of the Ministry of Social Services and Social Welfare as an educational institution producing professional social workers to serve the social welfare system and to promote social development.

The history of this institute goes far back as 1952 which renamed as the Sri Lanka School of Social Work. In 1992 it was upgraded and renamed as National Institute of Social Development by an Act no.41 of 1992. In 2005, the Government of the Democratic, Socialist Republic of Sri Lanka, on the recommendation of the University Grants Commission, declared the National Institute of Social Development as a degree awarding institution for the purpose of developing higher education leading to the conferment of the Bachelor's degree in Social Work, by order under Section 25 A of the Universities Act No 16 of 1978, published in the Gazette Extraordinary No. 1395/15 of June 01 2005.

Subsequently to include the Master's Degree programme in Social Work as recommended by the University Grants Commission, published under section 25 A of the Universities Act No. 16 of 1978 published in the Gazette Extraordinary No. 1557/7 of July 07 2008.

1.2 The Organizational Structure of the Institute

The Governing Council is the apex body in the organizational structure of the National Institute of Social Development. The administration, management and control of the affairs of the Institute are vested in the Council. The Academic Affair Board functions under the Council as an advisory body on all academic matters.

The regular operational functions of the Institute are carried out by four integrated divisions. They are;

1. The Sri Lanka School of Social Work
2. The Training Division
3. The Social Policy Research & Publications Division
4. The Administration & Finance Division

The first three divisions are engaged in academic matters. At present the School of Social Work conducts the three main academic programmes of the institute. They are; the two year Diploma programme in Social Work, the four year Bachelor's degree programme in Social Work and the two year Master of Social Work degree programme.

The training division conducts the Diploma programme in Counselling, an eighteen month programme and several sponsored in-service and out-reach training programmes. The research division is engaged in conducting and collaborating research activities pertaining to aspects of social work education and practice, social welfare and social development. The administrative and financial division is in charge of all administrative and financial matters of the Institute. The Director-General is the principal executive officer of the Institute

THE BACHELOR'S DEGREE IN SOCIAL WORK (BSW)

Introduction

The Bachelor's degree course in Social Work is a full time four year programme. It is conducted in eight semesters, through class room lessons, on-site-teaching-learning methods and guided field practice. Within the four year study period, two fieldwork placements (in the 2nd & 4th years) are conducted. In these two Block field placements, students learn the practice of social work in communities and agencies under the close supervision of trained professional social workers. The placements are full time and conducted during a total time period of twenty four weeks. This professional course anticipates the students to be committed learners working with people in need.

Admission Requirements

Admission of candidates to the first year of the course leading to the Bachelor of Social Work is considered on the basis of;

- a.) the minimum requirements for University admission prescribed by the University Grants Commission (UGC) and
- b.) a good working knowledge of English *

Candidates who have completed the Diploma in Social Work are considered for admission to the second year of the course leading to the Bachelor of Social Work on the basis of

- a.) a merit pass at the Diploma in Social Work examinations and
- b.) a good working knowledge of English

Eligible candidates at both levels of intake may be required by the Admissions Committee to sit for an Entrance Test. Those who qualify at this Entrance Test will be called for an interview. The final selection of candidates will be made on the basis of merit.

Service has been provided for 62 persons in the past.

7. Income by hiring Lecture Halls and Multimedia.

The Halls and the Multimedia are used for 37 days for programs conducted by the Training Division of the NISD. The cost of hiring is Rs. 259,000.00. The value has not been charged initially.

Obstacles and Remedies

1. Need for a building

Diploma, Degree and Post Graduate Degrees in Social work and other courses are conducted by our organization within a limited space. More than 450 students are following these courses in a limited space in Narahenpita and Nawala Centre. The spaces of those two rented buildings are also not spacious. Therefore it has to limit the enrolment of student for the year 2017. Since that cost estimation for the building has been prepared and submitted to the Treasury.

2. Lack of space in the lecture halls

Available lecture halls are enough to accommodate only 20 students at a time. But there are 35 students following child protection diploma and they are continuing this course with difficulties. It has to construct a new lecture hall since there is no way of expanding the existing one. Otherwise has to allocate money to conduct those courses with large number of student in outside the institute.

3. Lack of latrine facilities

70 students participated for the courses conducted by the institute presently. But there are only 2 toilets available at the centre. One toilet is not in the good condition for use. Resource person also have the same toilets to use. In this situation these toilets have to be renovated and should build new also.

4. Non availability of printer and a photocopier

The time wastages and unwanted administrative cost has to be faced since there is no photo copier machine and Printer.

5. Lack of training tools

Need for a white board with the stand. Currently hiring a Multimedia for the courses conducted in Monaragala. It has to pay Rs. 6000.00 per month and total cost is 10,800.00 for 18 month course. It would be more useful and economical if we can purchase one for the center.

6. Unable to give publicity for the courses

There is no enough awareness regarding the courses conducted by the organization. Therefore awareness program should be given for Government Officers, Students, Community Development Officers, Forces and other target groups. The institute will be able to get more participants if allocate Rs 100,000.00 (Rs 10,000 per program) to conduct awareness programs.

Fixing a large size Billboard to advertise course details.

Future Planning

1. Commencing 6 month certificate course in Social work.
2. Commencing 6 month certificate course in Counselling.
3. Identify participants for the Counselling course for the 2016/2018 intake.
4. Conducting 06 awareness programs on Institution and its services at divisional level.

Researches conducted by the Division 2015/2016

- **Research Study on Identification of Need and Challenges on Public Assistance Provision (Mirigama Divisional Secretariats)**

Statistical Data confirms that a large amount of money has been spent for public assistance according to the national policy. Even though there has not been implemented any program to assess their contribution in the national economy.

Could encourage the public assistance beneficiaries, develop their political and mental wellbeing, reduce the wastage of money of the state and bring an effect on creating effective senior citizen in the country by promoting to deliver the public finance to the most appropriate persons.

It has become an issue since the large amount of money which could be utilized for the development of the country has been provided as public assistance does not reach the real beneficiaries. Therefore it is necessary to develop the socio-economic and psychological by providing welfare service to the proper beneficiaries.

Research Objectives

Main objectives

The objective of this research was to identify weather the beneficiaries of public assistance in the research area are actually eligible to receive the public assistance.

Other objectives

- To identify the causes behind the motivation to apply for the public assistance by majority of the people
- Examine the measures to uphold the qualitative benefits rather than quantitative of the assistance
- To address the policies and issues with related to the implementation of the public assistance

Objectives

- Educational programs to increase the productivity and efficiency of the NISD.
- Implementation of the NISD and regional centers, training course, research of state and non-state, private sector and public awareness.
- Creating and modifying existing courses to identify training needs & the participation of the leading training programs.
- The formal process of regional academic centers.

A study on developing welfare strategies for the families affected by CKDu

The chronic kidney disease (CKDu) has been on the rise in Sri Lanka over the last two decades especially in Northern, North Central, Eastern, Western and Uva provinces of the country. CKDu is most pronounced in Sri Lanka's North Central Province (NCP) and Anuradhapura district in the province Medawachchiya, Padaviyarao, Horowpathana and Kahatagasdigiliya are the most affected DS Divisions of the Anuradhapura District.

There were several programs implemented by the Government, Nongovernmental Organization. Providing Rs. 3000.00 as living allowance could be cited as an example for this (Circular No. 1/2015 of Ministry of Social Welfare). Even though with the rapid spread of the disease has drawn greater attention of the government to this emerging health issue.

This chronic disease has become major issue among the social and developmental issues in this country. Therefore should identify the measures to improve the welfare of the families of the CKDu patients.

Main objective

To identify the measures that could improve the welfare of the families of CKD patients.

Special Objectives

- Identify the factors contributed for chronic kidney disease
- Identify the effects of CKDu on patient and the family
- Identify the effectiveness of the programs implemented by the Government and Nongovernmental organizations to control the spreading and cure the disease.

<p>The Director General National Institute of Social Development</p>				
<p>Report of the Auditor General on the Financial Statements of the National Institute of Social Development for the year ended 31 December 2015 in terms of Section 14(2) (c) of the Finance Act, No.38 of 1971</p>				
<p>The audit of financial statements of the National Institute of Social Development for the year ended 31 December 2015 comprising the statement of financial position as at 31 December 2015 and the statement of financial performance, statement of changes in equity and cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information was carried out under my direction in pursuance of provisions in Article 154(1) of the Constitution of the Democratic Socialist Republic of Sri Lanka read in conjunction with Section 13(1) of the Finance Act, No. 38 of 1971 and Section 18 of the National Institute of Social Development Act, No.41 of 1992. My comments and observations which I consider should be published with the Annual Report of the Institute in terms of Section 14((2)(c) of the Finance Act, appear in this report. A detailed report in terms of Section 13(7)(a) of the Finance Act was issued to the Director General of the Institute on 05 October 2016.</p>				
<p>1.2 Management's Responsibility for the Financial Statements</p>				
<p>Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Sri Lanka Public Sector Accounting Standards and for such internal control as the management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.</p>

1.3 Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with Sri Lanka Auditing Standards consistent with International Auditing Standards of Supreme Audit Institutions (ISSAI-1000-1810). Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Sub - sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

1.4 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements

2.1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the National Institute of Social Development as at 31 December 2015 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Accounting Deficiencies

The following observations are made.

- (a) Even though the Institute had shown the Government capital grants in a separate account of the financial statement even up to the year 2014, that balance of Rs.4,109,392 brought forward at the beginning of the year under review had been adjusted and shown in the Accumulated Fund. Similarly, the total capital grant amounting to Rs.11,250,000 received for the year under review had been taken into the income of the year under review. As such, the surplus of the year had been overstated by the same amount.
- (b) Out of the fees received for courses which had been conducted and completed by the year under review, the relevant expenditure had been deducted and the resulting surplus of Rs.13,364,818 had been shown under current liabilities instead of being credited to the income.
- (c) Even though the cheque valued at Rs.276,765 issued for the purchase of library books during the year under review had been cancelled, it had not been brought to account.
- (d) Even though the fully depreciated motor vehicle costing Rs.650,000 had been disposed of for a sum of Rs.550,500 during the year under review, only the elimination of the cost and accumulated depreciation of the asset from books had been brought to account. However, in the preparation of the Cash Flow Statement, the cost of the asset had been shown erroneously as a cash receipt and deducted from the amount of depreciation for the year.

2.3 Non-compliance with Laws, Rules, Regulations and Management Decisions

The non-compliances with laws, rules, regulations etc. are given below.

Reference to Laws, Rules, Regulations, etc.	Non-compliance
(a) Treasury Circular No.842 of 19 December 1978.	The Register of Fixed Assets had not been updated.
(b) Chapter 04 of the Government Procurement Guidelines 2006	
(i) Guideline 4.2.1 (b) and (c)	Even though the procurement activities envisaged at least for a period of 03 years should be listed in the Master Procurement Plan and procurement activities for the immediately succeeding year should be prepared in detail, it had not been so done.
(ii) Guideline 4.3 (a)	A total cost estimate including all associated costs had not been prepared by the Institute.

2.4 Transactions not supported by Adequate Authority

A contribution allowance of Rs.8,195,810 including the lectures and course coordinating fees for various courses conducted by the Institute during the year under review, had been paid to 95 officers in the Academic Staff without the approval of the Department of Management Services.

3. Financial Review

3.1 Financial Results

According to the financial statements presented, the financial result of the Institute for the year ended 31 December 2015 had been a surplus of Rs.10,428,163 as against the deficit of Rs.907,191 for the preceding year, thus indicating an improvement of Rs.11,335,354 in the financial result of the year under review as compared with the preceding year. Even though employees' benefits including the salaries and wages and the expenditure on establishment and administration of the year under review had increased by Rs.19,641,062, the increase in the Government grants by Rs.31,694,961 had been the main reason for the above improvement.

An analysis of financial results of the year under review and 04 preceding years revealed a continuous financial deficit from the year 2011 to the year 2014 and it had become a financial surplus in the year 2015. However, taking into consideration the employees' remuneration and provisions for depreciation on the non-current assets, the contribution of the Institute had taken a positive value of Rs.25,805,180 in the year 2011 and it had continuously improved up to Rs.80,239,014 in the year 2015.

4. Operating Review

4.1 Performance

The following functions should be discharged in terms of Section 03 of the National Institute of Social Development Act, No.41 of 1992.

- (a) Advise the Minister regarding plans, programmes and activities for the development of social work and social development education.
- (b) Conduct undergraduate and postgraduate courses in social work and social development and conduct and promote studies on the social welfare system and social development programmes.
- (c) Initiate and promote innovative practices in the social work and the social, development education system, inclining adaptation of technology.

- (d) Provide for the development of professional and managerial competence of personnel in the social welfare system.
- (e) Make available to the Government and other approved organizations, specialist services in social work and social development and co-operate with other institutions having similar objectives.

The following observations are made in respect of the Action Plan and the Performance Report prepared for 04 main Divisions.

(a) **School of Social Works**

- (i) The number of students registered for the Social Work Degree in three languages from the year 2013 to the year 2015 had decreased by 30 per cent as at the end of the year under review.
- (ii) The performance in respect of the fulfillment of functions of 06 programmes of the Field Work Division, had not been indicated.

(b) **Training Division**

- (i) The Training Division had planned to conduct 58 courses and short term training programmes and only 49 programmes had been completed.
- (ii) Five short term training programmes, 03 Diploma Courses, 03 Certificate Courses and 02 training programmes for internal officers, targeted to be achieved, had not been conducted in the year under review.

(c) **Social Development Policy, Research and Publication Division**

Formulation of Social Development Policies, carrying out researches and launching the publications are carried out by this Division and a sum of Rs.4,330,000 had been allocated for 15 programmes under the Action Plan of the year under review. However, the Programme on Improvement of Researches due to be conducted in the Anuradhapura, Ranna and Ampara Training Centres and the Research Project on Community Based Aged Care System planned for 02 years from 2015 – 2016 had not been carried out in the year under review.

4.2 Management Activities

The following observations are made.

- (a) The Institute had not taken action to provide an adequate training to Research Officers who are the Field Officers for the improvement of the knowledge in respect of collection of data, modern methods for selection and analysis of data and the usage of computers relating to that.
- (b) A female Lecturer of the Institute who was in the service, had left from the service and joined another institution as a Lecturer. Even though the consent had been given to transfer the sum of Rs.1,783,699 recoverable for study leave with pay, received by her, to the second Institution in terms of Agreements, necessary action had not been taken thereon. Moreover, action had not been taken to recover from Guarantors as well.

4.3 Idle and Underutilized Assets

Even though the Kelaniya Students Hostel of the Institute of Social Development has the capacity for providing accommodation for 20 persons, only 04 female residential students had taken accommodation in the year 2015.

4.4 Staff Administration

The following observations are made.

- (a) The officer, who had been selected and appointed at the interview on 21 February 2013 as the Director which is a permanent post of the Social Service School, had been transferred to the Social Development Policy and Research Division in the year under review.
- (b) The post of Director (Financial Control) of the Institute had been vacant since the year 2014. Instead of recruiting an eligible officer to the post, an officer who did not have qualifications stipulated in the Scheme of Recruitment had been appointed on acting basis and a sum of Rs.221,878 had been paid from the year 2014 to the end of the year under review.
- (c) Even though a sum of Rs.6,166,895 had been paid as annual salaries of 11 officers in the academic staff which consists of 10 Training Officers and the Director of the Training Division, these officers had spent only 82 week days for 32 short term training programmes conducted on week days. Accordingly, confirmation of the duties performed by these officers on the remaining week days had not been made.
- (d) Vacancies existed as 24 per cent and 11 per cent in the academic and non-academic staff of the Institute respectively.

5. Accountability and Good Governance

5.1 Corporate Plan

A Corporate Plan had not been prepared so as to cover 04 ensuing years since the year 2015 in terms of Section 5.1 of the Public Enterprises Circular No. PED/12 of 02 June 2003.

5.2 Action Plan

Four programmes of the School of Social Works, 03 programmes of the Training Division and 04 programmes of the Social Development Policy, Research and Publication Division included in the Corporate Plan prepared to cover from the year 2011 to the year 2015 had not been included in the Action Plan of the year under review.

5.3 Budgetary Control

Even though the Institute had collected a sum of Rs.30,445,887 by conducting courses in the year under review, the income expected to be earned by conducting courses had not been included in the budget prepared for the year 2015. Moreover, the Institute uses the earnings of the Institute in addition to the Treasury provisions for expenses. However, the details relating to that had not been included in the budget, thus indicating that the budget had not been made use of as an effective instrument of management control.

5.4 Procurement Plan

The following observations are made.

- (a) Even though a sum of Rs.7,000,000 had been allocated by the Procurement Plan prepared for the year under review for the improvement of capital assets, the utilizations during the year had been Rs.4,222,842 or 60 per cent.
- (b) A sum of Rs.6,929,273 exceeding the sum of Rs.6,000,000 allocated by the Procurement Plan for the purchase of capital assets, had been spent during the year under review.

- (c) Goods and services valued at Rs.2,714,429 had been purchased for the Head Office and to Regional Centres deviating from the Procurement Plan of the year 2015.

6. Systems and Controls

Deficiencies in systems and controls observed during the course of audit were brought to the notice of the Director General of the Institute from time to time. Special attention is needed in respect of the following areas of control.

Areas of Systems and Controls -----	Observations -----
(a) Accounting	Erroneous Accounting.
(b) Budgetary Control	The income earned in addition to the Treasury Provisions had not been taken into account in the preparation of the budget.
(c) Staff Administration	Existence of vacancies in the staff, non-appointment of officers on proper qualifications, failure in training the officers and evaluating the duty hours properly.
(d) Funds Control	Existence of underutilized surplus funds.

H. M. Gamini Wijesinghe
 Auditor General

Observations of the Director General on the Report of the Auditor General as per Section 14(2) with regard to the Accounts for the year ended in 31/12/2015

2.2 Opinions on Financial Statement

2.2.1 Accounting Deficiencies

(a) An accounting deficiency has taken place. It is kindly informed that this deficiency will be corrected and submitted when the account for the year 2016 are submitted. We have introduced new financial policies as per the audit queries in year 2014. Accordingly, new financial policies are attached with the financial statements of this year. Under 3.4.1 therein, the accounting of government provisions are revealed.

(b) This has been already rectified and submitted for audit with final statements in year 2016.

(c) even though cheques have been written, they have not been given outside the institution. Since the books were not provided by the relevant company as agreed, the said cheque has been cancelled. You are kindly informed that the accounts will be rectified in year 2016.

(d) Actions will be taken to rectify the accounts in year 2016.

2.3 Not complying with the laws, regulations and management decisions

(a) List of Fixed Assets have been prepared and actions have already taken to look into the deficiencies.

(b) I. Even though these activities are carried out annually, actions have already been taken to prepare procurement plans methodically as pointed out by the audit.

II. Actions will be taken in the future to prepare a total cost estimate.

2.4 Transactions not verified by sufficient authority

Actions at present have been taken to pay proper contribution allowances as per Finance Circular No 380 on the approval of the governing council by referring the matters related to the contribution allowances to the governing council and then to submit to the Salaries Commission and the Department of Management Services.

3.1 Financial Review

Even though Financial result review is accepted, the profitable progress should be corrected as Rs.9,520,972 instead of Rs.11,335,354.

4. Operational review

4.1 Performance

(a) School of Social Work

I. The students are enrolled for the Bachelor of Arts degree in Social Work after considering the issues in the class rooms on maximum cooperation. However, it has been observed that the enrolled students leave the course due to following reasons.

- Employment opportunities they receive during the course
- Even though scholarships are offered by the institution for the low income students, along with Mahapola, a considerable number of students leave the course as they find it financially difficult to stay in Colombo.
- The class rooms at present are not in standard level and they lack many facilities (Limitation of class rooms, lack of toilet facilities and lac of other infrastructure)
- It has been observed that a certain number of students who are following courses at Universities leave of the institution. However actions will be taken to prevent this from happening once a permanent building complex is built. Provisions have been allocated for the building complex to be built in year 2017.

ii) Field Agency Supervisor's Training Concurrent filed Practices and Block Field Placement and guest lectures for field practice experience

– These programmes could not be implemented due to the Parliament Elections in year 2015. These were carried out in January 2016. This will be corrected in the future.

Curriculum Development for Field Practice

This was not conducted as it was decided to use the field handbook which is used at present continuously. A revision is due to be made in year 2017

Faculty Supervisors Training

One day programme was held in year 2015

Study tour- 2014/2018

Provisions were allocated for the faculty boards of National Institute of Social Development in 03 months, this Course, which is due to be conducted by the University of Colombo, was not commenced by the University and the staff could not participate in that

Staff Development Academic

Conducted in 2015

(b) Training Division

(i) Even though 22 programmes were designed on Counselling, only 19 were conducted. No applications were received for the other 03 and therefore not conducted. 02 Certificate Courses designed on Counselling, but sufficient number of students did not apply for those and could not be commenced. 03 courses were designed to train the internal staff and all of them were conducted. Even though 16 short term courses were designed, an additional course was conducted on demand.

One course was conducted in Training Center Ranna and two at the Divisional Secretariat, Tangalle.

(ii) Training programmes were carried out as follows.

- Psycho Social Mediation (Tamil Medium) – Conducted at Tincomalle for newly recruited public employees
- Course in Social Care – Could not be conducted due to lack of participants (since the name lists were not submitted by the Department of Social Services in the Western Province)
- National Institute of Social Development requested to conduct Child Development Courses, but the Department of Probation and Child care did not submit sufficient applications.
- Even though it was planned to conduct a training programme on family counselling, no adequate applications were received and could not be conducted.
- Courses have been conducted for police officers

03 Diploma Courses

Even though applications were made for Diploma Course in Social care 2015/2016, the Salvation Army did not submit the name list.

Diploma Course in Counselling (Tamil Medium 2015/2016), Thalawa- Application were called, but adequate number of application were not received.

Diploma Course in Counselling (Tamil Medium 2015/2016), Jaffna (Tamil) could not be commenced due to lack of students.

Certificate Courses - 03

Even though it was requested to conduct the Certificate Course in Counselling at Kilinochchi, no adequate applications were received.

Training of Trainers Certificate Course of 06 months was conducted for vocational training officers (This was conducted on special education for the officers in the Department of Social Services)

(c) Social Development, Policies and Publications Division

(i) Research Project on Community Based Aged Care System (Two Years Project 2015 to 2016)

This was a research to be conducted from the finances of the Treasury. The Ministry of Social Empowerment and Welfare was informed about this, but no response has been received due to issues in allocation of provisions.

4.2 Management Activities

(a) Lower amount of provisions were allocated in year 2015 and therefore it was not possible to train the officers on modern methods. However, this essential task is expected to be conducted in the future.

(b) A paper was submitted to the Governing Council to obtain approval for entrusting second stake holders. However, the decision of the Governing Council says actions have been taken to obtain instructions for the Attorney General and it can be carried out after receiving responses. If the relevant lecturer does not pay the amount, actions have already been taken to recover it from the guarantors.

4.3 Unutilized and underutilized Assets

Less number of student admissions to the hostels in Kelaniya can be observed since they have to commute from Rajagiriya to Kelaniya and it costs a higher busfare. However students have already been enrolled for year 2016 and actions have been taken on the request of the students to conduct interview and to provide facilities at the Hostel.

4.4 Staff Administration

(a) This situation has been informed to the Governing Council several times and a disciplinary investigation is being carried out against the said Director. Actions will be taken to rectify the matters if any issue is arisen. Advice of the Governing council has been sought in August 2016 as well.

(b) Applications have been called to fill this post. However, applications with basic qualifications have not been received. Next senior officer in staff has been appointed to Act in the Post on the approval of the Governing Council. On the instructions issued by the meetings of the Governing Council held in July and August 2016, actions have been taken to select a suitable person as per the Recruitment Procedure. A permanent suitable person will immediately be appointed.

(c) Training Division contributes to the income of the institution at a larger scale. Even though the lectures of the division are held in the week end, they perform all the academic activities in the week days as well. They conduct a free training programmed for GOs NGOs on limited allocations of the institution. Therefore, when the budget is prepared for year 2017, more allocations are requested from the Treasury to establish more service utilization. Actions have already been taken to conduct trainings for the Ministry of Social empowerment and welfare, and other institutions under the Ministry. The duties of the officers of our training division have been indicated in the monthly Advance Programme.

(d) The Treasury has not allocated provisions for year 2016 and it is expected to fill all the vacancies in year 2017. Governing Council of the institute has advised to expedite the recruitment activities after its meeting held in August 2016. Recruitment will be made once the provisions are received for year 2017. Actions are being taken to call for applications.

Further, an officer is under leave for further studies on the approval of the Governing Council and due to report for duties within few months.

5. Accountability and Good Governance

5.1 Corporate Plan

This deficiency has been identified and actions will be taken to rectify it. This was a result of a misunderstanding of a Circular. However, it has been corrected and the relevant corporate plan has been prepared.

5.2 Action Plan

4 programmes of the School of Social Work, 03 programmes of the Training Division and 04 programmes of the Social Development, Policies and Publications Division, which were designed and entered into the corporate plan covering the period from 2011 to 2015, have not

been included in the action plan of the year under review. The Heads of the Divisions were instructed to prepare the Action Plan in line with the Corporate Plan.

5.3 Budgetary Control

Each and every course has a budget approved by the Governing Council of the Institution and budgetary control is practiced. It is kindly informed that no payment has been done deviating from the said budget. Actions will be taken to show the budget actions correctly in the future.

5.4 Procurement Plan

- (a) Underutilization has been occurred due to practical issues in the year
- (b) Actions have been taken not to carry out any procurement deviating from the Procurement Plan from year 2016
- (c) Actions have been taken not to carry out any procurement deviating from the Procurement Plan from year 2016

06. Systems and Control

Actions have already been taken to focus on the matters observed in systems and control and to plan ahead by obtaining proper guidance and instructions for finance control and academic sectors. You are kindly informed that special attention will be paid in the future on Accounting, Budget, Personnel Management and Funds Control.

Dr. Riddley Jayasinghe
Director General
National Institute of Social Development
