### Message of Hon. Minister of Public Administration and Management

At this remarkable moment which marks the launching of Annual Performance Report -2016, I, as the Minister in charge of the Ministry, would like to extend my heartfelt greetings for the whole staff.

Public service is for the benefit of the general public. This is the most important fact which you should keep always in your mind. It should be emphasized that the responsibility entrusted to the Ministry of Public Administration and Management hold the prime place among all other aspects. When looking back, I am purely satisfied as the Minister in charge of the subject regarding the

measures taken for the wellbeing of the public service and further I would like to highlight that it is necessary to pay attention constantly to enhance the service delivery.

We came to power with the pledge for transforming the whole public service to a totally independent zone of the country. Stepping forward with this objective, the Department of Pensions under our Ministry has already launched many meaningful programmes in order to uplift the life of the pensioner to a fruitful stage. Further the Productivity Secretariat also shoulders its responsibilities with a new spirit whilst performing the tasks entrusted. This way every possible measure is taken to enhance the productivity up to the optimum level and also plays a major role to introduce these concepts to private sector. At present various strategies are applied by the Ministry to make the rural level the followers of these concepts whilst introducing Community Productivity Concept. When considering the invaluable role of Sri Lanka Institute of Development Administration, we as the Ministry are satisfied with SLIDA for its contribution to create a human resource who has the capacity to strengthen the administration system of the whole country.

As the Minister in charge of the subject, I must take this opportunity to remind and appreciate the mission performed during the past year by the Ministry to ensure the optimum service delivery in whole public service. We have the right to be the happy partners of the progress when considering the contribution made by all Island services as well as Scientific, Architects, Technological, Engineering, Planning, Accountants and Development Officers' service for the development of the country, which are the parts maintained systematically by our Ministry. In the meantime, Establishments Division of the Ministry always provides correct guidance for the benefit of whole public service. Therefore, we can assure without any doubt that the Ministry of Public Administration and Management has provided a tremendous service not only to public sector but also for the advancement of the whole country. At this juncture where the progress of the whole year is evaluated, I, as the Minister, would like to request earnestly from you to perform this invaluable service delivery with much determination and courage. Finally, I wish you the strength and courage to shoulder this responsibility.

#### R. M. Ranjith Madduma Bandara,

Minister of Public Administration and Management.

## Message of Hon. Deputy Minister of Public Administration and Management

'The Government has imposed these financial regulations not with the intention to apply them as a barrier for the process but purely to carry out financial transaction in the proper manner." The authority of the Financial Regulation has been interpreted in the above manner.

However, most of the officers at present refer the provisions of Establishments Code, Financial Regulations, other Laws and Regulations and Circulars to find whether the task entrusted or request submitted is contrary to any section of the above. It is better to light a

single candle than to curse the darkness. So we better make an effort to find even a weakest light of a star than to complain regarding the darkness around us. A person makes his request spending his money with the expectation of a positive response. The lectures on Financial Regulations or Establishments Code will never be the real solution for the issue of the respective person. Therefore, we should be keen enough to find ways to satisfy the recipient if his request is reasonable.

As the Government which has been established with the power of people, we always follow the following famous poem as a directive in our journey.

'Me gase boho - peni dodam thibe

Pehila idila bimata nemila - barawela athu"

The gist of the poem, which is very popular among children as well as adults, is this;

Though the mango tree is full of fruit, we, as children, are not selfish to enjoy the whole harvest leaving nothing to others.

The recipient, who comes to an office with the expectation that his matter would be duly considered, should not be disappointed. It means that such person should at least be the beneficiary of the minimum possible service delivery.

It is a great pleasure for me to hold office as the Deputy Minister of a ministry which is having the farsighted leadership of Hon. Minister and Political Authority and the commitment of the Secretary and staff. We all as one family should look forward with the view to see the dawn of a better tomorrow rebuilding our country as the paradise of the world. The only objective that we should follow is the performance of our duty and we should never forget that no excuses are valid to justify the delay in the process. If we are unable to achieve such goal, we will inevitably be the target for the criticism and blame of the people.

#### Susantha Punchinilame

Deputy Minister of Public Administration and Management and Member of Parliament for Trincomalee District

## Message of the Secretary, Ministry of Public Administration and Management

It is a great pleasure for me to submitting the Annual Performance Report and Accounts of the Ministry of Public Administration and Management for the year 2016. This report contains of programs, projects and activities implemented through the Ministry and those subjects that come under the preview of Departments, Statutory Institutions and Public corporations.

The fund was allocated by the treasury according to the 2016 budget has been utilized fully economically and efficiently. These funds utilized effectively to achieve the areas of the vision and mission of the Ministry of Public Administration and Management such as Public Policy Making on Organizational Excellence, Human Resources Management, Institutional Development, Staff Training, Housing and Good Governance targeting social and Economic Development along with the National Priorities of the Government.

In this occasion I wish to extend my sincere thanks and gratitude for the Hon. Ranjith Madduma Bandara, Minister of Public Administration and Management and Hon. Susantha Punchinilame, Deputy minister to the Public Administration and Management for their guidance and fullest support to achieve the targets.

Finally, I also want to extend my sincere thanks and gratitude to all staff of the Departments, Statutory institutions and Public Corporation come under the purview of the Ministry of Public Administration and Management for their fullest cooperation and dedication.

### J. J. Rathnasiri

**Secretary of Public Administration and Management** 

### Vision

"An excellent public service to the nation"

### Mission

Ensure an excellent public service with competent human resources, through sound administration, management and reform"

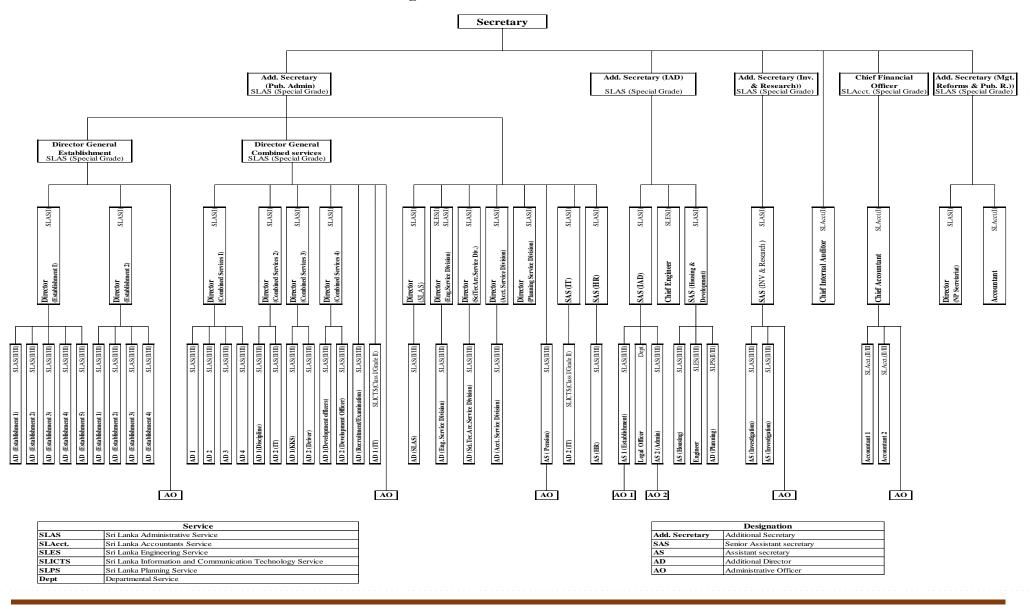

### **Objectives**

- Formulating of effective government policies in relation to recruitments, emoluments and other conditions of service in the management of human resources in the public service.
- Steering the mindset of the existing employees of the police service to a new direction in responding to public needs.
- Formulation and implementation of a new management structure and core systems for enhancing the productivity and quality of public service.
- Establishment and sharing of a core system (Result oriented attitudes, accountability, prudent utilization of resources, impartiality, transparency, etc)
- Provision of facilities for training programmes and identifying the public sector training requirements to conduct them.
- Formulation and implementation of pension programmes with a view to find remedies to issues concerning pension payments.
- Improvement of the management of public finance including the management of assets of the system of civil administration.
- Formulation of a framework for the development of the public sector institutions with the capacity to accomplish development goals and priorities of the government.
- Utilization and promotion of information and communication technology in order to enhance the productivity and quality of the delivery of services.
- Development of skills of the personnel in the public service.
- Improvement, promotion and implementation of the guidelines for the purpose of simplifying the systems and reformulating the processes with a view to changing circumstance.

### Strategies

- Re-designing and simplifying the organization structure in such a manner so as to ensure accountability to the people.
- Digitalization and networking of the public institutions in order to enhance the efficiency of the public sector.
- Improvement of the responsiveness to the requests of the general public.
- Empowerment and motivation of the government servants through expansion of conducive office environments, higher emoluments and promotional prospects.

Translators' Service		27
Driver		270
Office Employees' Service		1,062
Total recruitments in 2016		4,579

### Changes made for recruitment procedures and methodologies in 2016.

- It has been decided by the Public Service Commission that officers who are granted appointments from 01.01.2016 shall subject to policy decisions made by the government on pension scheme in future.
- It has been decided by the Public Service Commission that it is compulsory for officers who are granted appointments after 02.05.2016 to serve three years in the service station to which they are granted their first appointment.
- Method of calling applications for recruitment to Combined Drivers' Service and K.K.S. has been revised as follows as per Public Service Commission circular No. 01/2016 (1).

"Method of calling applications: By publishing in the Government Gazette or by advertising through public press notices and website notices.

The Appointing Authority may call for applications by adequately publishing advertisements only for the posts under the category of Primary Services."

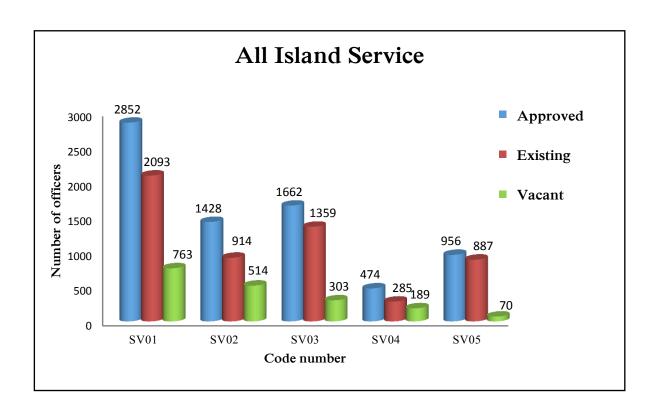

• Application of the details of the PACIS ( Public Administration Carder Information System ) software for making relevant decisions in recruitment to Grade III of Public Management Assistants' Service and reporting on vacancies in the public service.

## <u>Progress achieved in 2016 with regard to Public Administration Carder Information System (PACIS)</u>

- Public Administration Carder Information System has been published in the official web site of Public Administration since 02.05.2016 with the objective of getting the details of cadre in all island services which are functioning under the Ministry of Public Administration and Management including Combined Services and Sri Lanka Administrative Service, updated by the relevant ministries and departments where those officers are serving.
- Accordingly, information systems of 533 institutions have been updated as at 16.03.2017 and another information systems of 51 institutions are to be updated. The details updated by these institutions have been categorized as all island services and combined service. This process is updated as at 27th of every month.
